

Agency: Commerce, Community and Economic Development**Grants to Municipalities (AS 37.05.315)****Grant Recipient: Anchorage****Project Title:**

Anchorage - Arlene Street Safety And Curb Improvements - 70th to 71st Avenue

State Funding Requested: \$ 60,000**House District: 27 - N**

One-Time Need

Brief Project Description:

Repair potholes, widen the road, and add gutters along four lots to match the rest of the road. These issues are currently making snow removal problematic for the Municipality and driving hazardous for residents.

Funding Plan:**Total Cost of Project: \$120,000**

	<u>Funding Secured</u>		<u>Other Pending Requests</u>		<u>Anticipated Future Need</u>	
	<i>Amount</i>	<i>FY</i>	<i>Amount</i>	<i>FY</i>	<i>Amount</i>	<i>FY</i>
Local Funds	\$60,000	09				
Total	\$60,000					

Detailed Project Description and Justification:

This project, which is creating a driving hazard for local residents, and a snow removal problem for the Anchorage Municipality's Maintenance Department, will repair potholes, widen the road and add gutters along four lots, to match the rest of the road.

Matching bond funds are in hand. It is currently not included in the area-wide funding for Anchorage road projects. A separate appropriation will be needed in order to correct this problem.

Project Timeline:

FY09 Construction Start

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Municipality of Anchorage

Grant Recipient Contact Information:

Contact Name: Jim Lamson, PME Coordinator, Municipality of Anchorage

Phone Number: 343-8120

Address:

4700 Elmore Rd

Anchorage, AK 99507

Email: lamsonjl@muni.org

Has this project been through a public review process at the local level and is it a community priority? ☒ Yes ☐ No

Subject: Arlene St Curbs

Hi Deborah,

This is in response to your questions about the proposed curb project on Arlene Street. While this is not included in the Municipality's Legislative Program, it is a priority for the neighborhood and our street maintenance personnel. Most of this road is paved with curb and gutters. However, a four lot long section of the road only has curbs on one side and the road is much narrower in this location. This creates a challenging snow plowing situation for street maintenance and road drainage does not work very well. Improvements would include construction of a new road base, curbs on the east side, and pavement rehab on the full road section as needed to provide a safe pavement match. A more descriptive project title would be "**Arlene St Safety and Curb Improvements – 70th Ave to 71st Ave**".

The improvements are a high enough priority that the Municipality is proposing to match the \$60k grant with \$60k in local road bonds.

Please let me know if you have additional questions.

Jim Lamson
